Recipe & Quantity Sheet

For the kitchen team: For each dish below, write the **quantity of every ingredient used in one batch**, and how many plates / pieces / kg that batch makes. Use the units shown (g, kg, ml, L, pc). The ingredient list is a starting point, correct it, strike out what we don't use, and add anything missing in the blank rows. This lets us cost every dish exactly. Approximate is fine, real is better. Radhe Radhe 🙏

1. Kachori (for Kachori Sabji & Dal Kachori)

menu: ₹20–30 / pc

INGREDIENT	QUANTITY (PER BATCH)	UNIT
Maida		
Urad / moong dal (filling)
